Date: September 23, 2014

Time: _11:00 A.M._

Released By: _Office of Mayor David Held:_____

Administrator Mike Grimes

NOTICE: WATER LINE REPAIR – September 24, 2014

The City of North Canton water department will be making repairs beginning Wednesday, September 24th, approximately 9:00 am in the area of Brumbaugh and Cleveland Avenue that may impact that local area including residents in St Ives and St. James neighborhoods.

We ask that residents in this area please limit their use of water and consumption during this time to help facilitate the repairs as quickly as possible. We anticipate completing the work near early evening.

Residents may want to flush their water through a cold water faucet to alleviate air locks or discoloration after service is restored. Residents should check their water for discoloration before laundering. If discoloration lasts for several hours or for any other issues or problems, please call the North Canton Drinking Water Plant at 330-499-6473.
