North Canton City Crews Working to Repair 3 Different Water Main Breaks

The City of North Canton Water Distribution Department is currently working to repair 3 different and separate water main breaks.

These are located in the areas of Hillcrest & Charlotte Streets N.W., Jonathan Avenue & Orchard Hill Drive S.W. and also in the 4900-block of Dressler Road in Jackson Township near the Golden Corral Restaurant.

The largest break is in the 4900-block of Dressler Road which may cause some businesses in that area to be closed while repairs are being made. It is estimated that repairing this water line break may take most of the day.
