RECORD OF PROCEEDINGS

Minutes of COUNCIL OF THE CITY OF NORTH CANTON REGULAR Meeting

DAYTON LEGAL BLANK, INC., FORM NO. 10148

Held Monday, November 26 7:00 p.m. 20¹²

Mr. Fox: Thank you, Mr. President. As Council is aware there have been a few complaints from some of those that speak at our Recognition of Visitors' times. Some of the complaints have been that they have not received fair allocation of time in comparison to some other speakers. So, I just want to go over a little refresher of the Rules of Council for those that do attend regularly, and just information for those of you that's the first time that you're here for one of our council Meetings. According to our Rules of Council, Chapter 115, citizens are permitted to speak only during the Recognition of Visitors portion of the meetings following this announcement. For each of the visitors, each speaker is requested to identify themselves by their name, address, and the subject matter that they intend to speak about. Speakers will direct their comments to the Presiding Officer, which is President of Council Snyder, and are limited to a maximum of five minutes or at the discretion of the Presiding Officer, the speaker may continue beyond the limit if their remarks are deemed germane, non-redundant and consistent with the rules of decorum. When a speaker speaks for the first time this evening we'll have a small timer on the corner of the screen so the speaker and each visitor can see the amount of time allocated to each speaker. Once the five minutes are up, we ask simply that you pause, the President will make the determination if the remarks are germane, non-redundant, and consistent with the rules of decorum. If they are, you will be permitted to speak for a reasonable additional period of time. If not, we simply ask that you take your seat and respect the other speakers. Also, the speakers are required to observe all the rules of decorum as prescribed in *Robert's Rules of Order*, meaning that there's no debate, disrespect, or personal attacks. Also for the podium, we have had some complaints as well as far as sound quality. Our Clerk has painstakingly looked and found what we believe is the proper spot for the podium for the best in sound quality and for the speaker to address the Presiding Officer. So we ask that you not move the podium. If you need to raise it up or down for your notes, please ask the Clerk and she'll be glad to assist you with that. Nothing else? Thank you.

Mr. Snyder: Okay. Thank you, sir. Appreciate that. Any questions of the Law Director? Thank you. At this time, the Council will recognize anyone wishing to speak. Please step forward and state your name and address for the record. Seeing none, I'll move to Old Business. Excuse me.

Recognition of Visitors:

B. Mrs. McCallan (speaking from the audience): I will, please.

Mr. Snyder: Yes, ma'am.
Mrs. McCallan: Thank you.

Mr. Snyder: Please step forward, state your name and address for the record.

Mrs. McCallan: Hi. I'm Barbara McCallan. My address is 411 Woodside Avenue NE, North Canton, Ohio. The reason I'm here is - actually the last time I was active in this building, in this room, was back in 1981, I was a mere child. But I worked to get an ordinance changed, and now - and that was about a year and a half it took to get that ordinance changed. But here I am trying to defend the ordinance that I worked on. It's being abused in my neighborhood. Didn't like it, don't understand why it should be accepted. And like I said it's been going on like a year that there's nothing being done. I've tried to work with Mr. Bowles. I believe he must be overworked and under paid because it's taken a long time to get this done. I've also asked about, I believe it's called easements and the width of those easements on property that have been, I don't know, granted to furnish another homeowner access to a sewer line from one street, which is specifically Woodside Avenue NE, to Wise, which is Wise NE also, and it goes all the way through private property. Since then the house that was at 423 Woodside has been razed. There is a garage there, along with the driveway, that and has been added to since the house was razed to allow to park a boat and things on this property. I understand under the ordinance concerning this, that in two years if there's not a house built, then this structure must be taken down. Well this is exactly the property that this easement runs through. And it's questionable whether in fact if it would be a buildable lot with this easement access on this property. And I've really asked, what's the width? And I haven't been able to get an answer. I've had some other problems, but if we could - someone could address these or somehow, like I said, an Act of Congress, but in this case an Act of Council to help me out on this, I'd greatly appreciate it. Thanks so much for your time.

Mr. Snyder: Mrs. McCallan, help us understand your request. You, the property, the lot is vacant. Is that correct? It does have a secondary structure, or garage, but not a primary structure?

Mrs. McCallan: Yes sir, that's right.

Mr. Snyder: Correct. That cannot exist after twenty-four (24) months. The problem that you want to know is that a buildable lot. Is that what you're asking?

RECORD OF PROCEEDINGS

Minutes of COUNCIL OF THE CITY OF NORTH CANTON REGULAR Meeting

DAYTON LEGAL BLANK, INC., FORM NO. 10148

Held Monday, November 26 7:00 p.m. 20 12

Mrs. McCallan: Right. Eric Bowles told me that under the ordinance, they had two years, twenty-four (24) months...

Mr. Snyder: That's right.

Mrs. McCallan: or they had to build a home on this property.

Mr. Snyder: That's right.

Mrs. McCallan: And, at that time they could keep this garage. I don't think they are going to build a house on it; I don't think they are able to with this easement running through it. And to be honest with you the garage has been a form on contention because the water running off of it has damaged our fence and stuff, thus this whole thing began. And we did have to move our fence and repair our fence because of this water runoff. The owner of said property has made very little attempts to solve it. His son does have a piece of equipment that's quite capable of digging out a ditch and taking out to Wise, which is probably about forty-five (45') feet that he could do that would solve our problems. And I wouldn't care how long he took up the garage. He said it blocks the stadium view, if you get my meaning. But anyhow, that is the gist of it. Yes, if that variance is in fact - I think it has to be roughly fifteen (15') feet. Not variance, excuse me, that would be an easement. I think it has to be fifteen (15') foot wide, or at least very close, because I took pictures of a dug up system, and there is a lot, you know, I mean, you have a lot of room. You have working room for the man to go down in the hole. Then you've got storage for the pile of dirt, the excavation. And then you have to have, you know, your pipes to come in and stuff. And I took pictures. And like I said, it's I'd say between ten (10) and twelve (12), or excuse me, ten and fifteen (15') feet allowance. So with a house, or the property being 50.77 feet and our code in that area is fifty (50), it may not be a buildable lot. If so, the garage should come down now; it's not buildable. But that's - I appreciate any help on it. And if you give Eric a little time to, you know, so he can help me out on it. Like I said, it's been - December 11th it's been my first contact with him.

Mr. Cerreta: Barbara, has Eric been out there yet? Do you know if - have you been - have you seen it with Eric out there? Has Eric come out there and looked at it?

Mrs. McCallan: Oh certainly.

Mr. Cerreta: Oh, he has. Okay, we'll talk to him,

Mrs. McCallan: Oh certainly, many times. And I realize he's a busy man. And I realize certain things, but you know, and like I said the home occupation thing, I want something done about it now. North Canton - I'm concerned about how things are sort of - oops, my time - how things are sort of going downhill on all of, you know

Mr. Snyder: Is he - is he operating a business out of the garage?

Mrs. McCallan: Yes sir. No, not the garage. This is the other property. This is an ordinance property, or ordinance situation at 506.

Mr. Snyder: Oh, this is a different problem.

Mrs. McCallan: Yes. It happens to be the son of the person that owns this property.

Mr. Snyder: He's operating a business out of his home?

Mrs. McCallan: Well yes, essentially, although he owns or rents a business area on North Main for his business. But he is storing vehicles - his employees are coming in there, parking said vehicles, or parking their personal vehicles and taking a company vehicle out, returning it, and this goes on day and night.

Mr. Snyder: Well, I think the thing to do is we'll get a hold of Mr. Bowles in the morning through the Law Department ...

Mrs. McCallan: Okay.

Mr. Snyder: and then they'll be in contact with you by week's end at what goes on.

Mrs. McCallan: Okay.

Mr. Snyder: We'll find out. We'll find out - we'll see if we can expedite your problem.

Mrs. McCallan: I'd appreciate it. Because I even spoke to the temporary Law Director, Batista. I had dealt with him back in, when I was a child, and found him to be helpful. But I mean this has been going on, you know, and when you've worked that hard to get something you don't see, you know you don't want to see someone walking on your back.

Mr. Snyder: Right. Well, we appreciate your comment.

Mrs. McCallan: Okay.

Mr. Snyder: We'll take care of it.

Mr. Snyder: You were all given a new copy, a hard copy of the temporary, requested temporary budget. We've made some changes from the original committee report done last Monday. I realize you've not had time to digest everything. What I'd like to do is read this as amended and then next Monday or on the 10th I think it's adoptable yet because as long - we still have another meeting prior to the holiday break, we'll adopt the budget at that time. So that will give you a couple of days to look at that because those are matters of appropriation and I would not like to pass that without full understanding of all members of Council. And it is the intention of the Finance Committee, the Mayor's Office, and the Director of Finance that we will be holding budget hearings again relative to the General Appropriation Budget for 2013 right after the first of the year. So I'll be in a meeting again tomorrow to get ready to have in your hand within the next ten days the actual request from the Mayor on the appropriation and the balance position, but we will hold hearings with the department heads. We're going to have to make a few cuts in their request as you know funds will allow. So everybody is welcome at those hearings. We generally hold them in the morning at 8:00 here in Council Chambers. The members of the - department heads come in and actually defend their requests and certain things do get slashed and cut, but that's how it goes. But that's the fairest way to do it. So we will give you fair notice. So if you have a little time in the morning, we welcome everybody's attendance. But may we have a motion to amend Ordinance No. 109-12 as submitted.

Mr. Snyder: We were required to pay a percentage of our building fees to the State. We appropriated short this year. It's a good point, we had more permits than we anticipated. The bad news, this is due down in Columbus within the next couple of weeks. So we'd like to pass this on emergency. So that is the additional funding that we need. Mr. Snyder: 107?

Mrs. Kiesling: We changed the zoning on Applegrove.

Mr. Snyder: Correct.

Mrs. Kiesling: From R2F, Two-Family District to GBA, General Business District to R2F, Two-Family District.

Mr. Snyder: Oh, that's a typo.

Mr. Fox: Oh yeah, it looks like there's a typo.

Mr. Snyder: That's a typo.

Mrs. Kiesling: Yeah. We're changing it to GBA, correct?

Mr. Snyder: GBA.

Mr. Fox: Yes.

Mr. Snyder: Yeah that's the front part. That's the piece that's contiguous to the Postiy property.

Mrs. Kiesling: I kept reading that thinking didn't we just go backwards.

Mr. Snyder: I forget her name. That's that lady that has that small ¼ of an acre parcel right there next to the trailer park.

Mrs. Kiesling: So, do we need to reread it or just amend it next week?

Mr. Griffith: We're going to just amend it next week.

Mr. Snyder: Where's the - is the ordinance in the,,,

Mr. Snyder: Thank you for that though.

Mrs. Kiesling: Oh, no problem.

Mr. Snyder: Now, Director of Law.

Mr. Fox: Yeah, I believe it's correct here. I think in transferring it from one to the other..

Mrs. Kiesling: Oh yeah, I know.

Mr. Fox: This past week, working closely again with Finance on outstanding income tax issues, failure to files. Some of the larger ones have been turned over kind of quickly with just a little bit of reaching out to them. One was a \$7,000 payment. Another one a \$1,000 payment. So, those are coming along really well. As well as we know that the graffiti ordinance is going to come into play in the next couple of days. I've been working with the Director of Administrative Services. He's working on, you know, the polite, courteous approach in trying to help some of those that we know that some of the graffiti is placed on brick, it's really porous, difficult to remove, and so we've reached out to try to help them to do that. So hopefully the first couple of ones that we face it won't be in anyway punitive, but more reaching out to help them to clear it off and showing them some things that we learned with Eric and some other Council members when we removed it from the dance studio. So hopefully we'll be able to get those and turn those around and clear off some of the graffiti without the - like I said some of the punitive measures.

Mr. Snyder: It's good to see you justifying your income over there.

Mr. Fox: Sure.

Mr. Snyder: That was a good choice.

Mr. Fox: Yes, sir. Thank you.

Mr. Snyder: Nice job. Thank you very much. Appreciate your good work.

Mrs. Alger: Finance appreciates him.

Mr. Snyder: Director of Finance

Mrs. Alger: I'm continuing to working with the budget. And it was a pleasure to meet with Councilwoman Werren and Councilman Griffith to get to know and understand the budget. So anytime I'm here.

Mrs. Werren: I tried.

Mrs. Alger: Inaudible... questions.

Mr. Snyder: Thank you very much. Director of Administration

Mr. Grimes: Yes. We are working on next years' budget. I think I've spoken to Karen more in the last few weeks than my own wife. But...

Mrs. Alger: Ditto.

Mr. Grimes: If you have residents that are living in the southwest and southeast section of the City, on Thursday starting at 10:30 in the evening and going to 1:00 in the morning, we're doing some hydrant flushing. So we did put that notice out, but in case someone would call you on that... So if there are any problems or anything just give the Water Department a call and you know, we'll take care of it. But we've got some flushing going on out there. If you haven't seen it yet, we did complete the salt sheds that you approved earlier this year in the budget. Thanks to the City Engineer getting on some folks because we definitely wanted that finished before winter. But it will be a lot nicer for us. It will hold more salt. And of course our other one was a safety concern of mine. So we got that taken care of. Also Administration met with the Stark Regional Planning Commission Member and Commissioner Pete Ferguson this week. Just to let them know, they have a study going on about collaboration of building departments and that and just to let them know that we'll cooperate fully with them, whatever information they need. So we want to be a part of that study too just to see how that comes out. So thank you, Mr. President.

Mr. Snyder: Thank you, sir. Mr. Mayor

Mayor Held: Yes, We have the annual Community Christmas Sing on December 2nd. And this will begin at 4:30 and it will go until 6:30. At 4:30 to 5:00, we'll have the Elite Silver Stars Holiday Performance on East Maple. At 5:05 to 5:20, we'll have the Hoover High Notes performance. And then at 5:25 to 5:40, we'll have the Hoover High Lows performance; two separate groups there. And then at 5:45, Santa and Mrs. Claus will arrive and will light the Christmas Tree. And this time it will take place right on the Hoover front lawn. And they're going to have a little house there so that the kids can visit Santa right on the location. So all are welcome. And this is always a real nice event. That's all I have.

RECORD OF PROCEEDINGS

Minutes of COUNCIL OF THE CITY OF NORTH CANTON

REGULAR

Meeting

DAYTON LEGAL BLANK, INC., FORM NO. 1014B

Held Monday, November 26 7:00 p.m. 2012

Mr. Snyder: I noticed Mayor you deliberately left off the Council Singers. We're on there at 5:45.

(Laughter)

Mr. Mayor: That's at 6:05 for our new Council Members.

Mrs. Kiesling: 6:30, yeah ...inaudible...

Unidentified: The B Flats

(Laughter)

Mr. Snyder: We're called The Low Notes.

Mr. Foltz: Jon, we got fired.

Mr. Snyder: Oh did we? We didn't get invited back.

Mr. Snyder: Alright. I was there, too. I think it was Daryl's fault, he was off key, wasn't he? But thank you. It is on the lawn, not on the Memorial, correct?

Mayor Held: Yes.

Mr. Snyder: Thank you for that, Mayor.

Mr. Mayor: Yes. And it will be - and this is sponsored by Westfield Bank too and the Chamber of Commerce. But we thought that we would keep the Christmas Tree lighting and the event a little bit closer to where the tree is at because it's kind of a long stretch. But also as a reminder, Councilman Cerreta continues to work on our community signs and I know that we just received another sponsor, right? And with a few more...

Mr. Cerreta: We're up to eleven right now; eleven out of fifteen. So fifteen possible - twelve locations. We're up to eleven out of the fifteen. So we're still looking for those. There's not that many left. A good Christmas gift, right Dottie? That's right a very good Christmas gift for the rest of your generation. So.

Mr. Snyder: Good. Thank you. Good work, Mark.

Mr. Cerreta: Thank you.

Mr. Snyder: Mr. Engineer

Mr. Benekos: No report

Mr. Snyder: Director of Administrative Services

Mr. Bartos: Well as the Director of Law said we are working on the graffiti issue. I know the one that's in on the - you know, on everybody's mind is up by Mama Guzzardi's right there with the coin laundry. I have been in touch with those folks. I actually got a picture on Friday, they're working on it. If you look at it, it looks like they have made some progress. I contacted a guy today to kind of said, hey, it looks like you tried, but close but no cigar thing. But, he assured me that he is purchasing even more heavy-duty removal materials as well as a better power washer. So I'm going to check on that this week. But ultimately the clock is ticking and they're aware of that. So that's one thing. Also, the drinking water bid specs - I think the chemicals for the Drinking Water Plant, those bid specs will be going out this week. So, that's all I have.

Reports - Council:

Mr. Snyder: Good work. Mr. Foltz

Mr. Foltz: No report.

Mr. Snyder: Mr. Peters

Mr. Peters: No report, sir.

Mr. Snyder: Mrs. Werren

Mrs. Werren: No report.

Mr. Snyder: Mr. Griffith

Mr. Griffith: Very briefly. I got a very nice compliment today from an accountant who had called Mr. Fox about an income tax issue and was very complimentary. Although he wasn't happy with the answer that he got, he was very complimentary about the professionalism and how quickly we responded. And I just wanted to make sure I passed that along in a public meeting. I thought that was good.

Held Monday, November 26 7:00 p.m. 20 12

Mr. Fox: Thank you. Appreciate it.

Mr. Griffith: And I was also glad to hear that - I was glad to hear that we came down on the issue the way we did. So, I compliment him on that as well.

Mr. Snyder: Thank you. Mr. Cerreta

Mr. Cerreta: Just a reminder that the Disaster Relief Fund is still going on and still going strong. As we enter the end of the year it's still a pretty good option to give to that fund because in large sums it is tax deductible. And we will be putting in more forms for this year's tax form to the public. So that's still going on and I want to keep reminding people about that.

Mr. Snyder: Good. And good work on those signs. Appreciate that very much.

Mr. Cerreta: Thank you.
