CITY OF NORTH CANTON
Michael J. Grimes
Director of Administration

MEDIA RELEASE

For Immediate Release:

Date: August 5, 2016

Time: 9:00 a.m.

Released By:

Mike Grimes, Director of Administration

After a recent city bid process, the Kimble Company was awarded the city contract as the lowest bidder and will continue servicing the residents for another 3 years.

There will be no change in the level of service being offered but there will be new rates. The price for a residence for curbside garbage pickup, curbside recyclables and the Fall leaf recycling program for the next 3 years will cost \$14.05 a month up from the past 3-year monthly cost of \$13.02. The Garage / Backyard pickup option will now cost \$16.95 a month instead of \$15.52.

In the city's latest 2016 Community Survey, 93.9 % of the responding residents listed the curbside garbage / recycling service by the Kimble Company as Good to Excellent.
